Can You Believe – It's Already Time to Combat Weeds?!

Combat those pesky, difficult to control, grassburs and other weedy grasses. It's time for those preventative spring emergents.

- ✓ For the small back yard: an 8# bag of Amaze will cover 4000 ft².
- ✓ For larger areas check out XL2G and Pendulum 2G, both products designed to spread 100# per acre.

Ask for details on our new preemergent/fertilizer combinations!

Don't forget to buy enough for two applications to have maximum success!
