Double L Ranch & Wildlife Feed – your ONLY locally owned feed store.....and a whole lot more!

Still Putting in that Vegetable Garden?

Last chance for vegetable plants....our season is wrapping up, so if you still want to plant some last-minute vegetables, hurry on in and get them before they're all gone!

Round 2 – Man vs. Grass bur

If you applied XL2G Preemergent in February or March, it's now time for the second application. Those scattered rains are ensuring that more seeds will germinate, so that second round will provide extended grass bur control, deep into the growing season.

Bugs, Bugs, Bugs

From scorpions to spiders, from fire ants to box elder bugs, Double L Feed has what you need to control these pests! Drop by Double L Feed today and let us help you control these pests, and others, in your home, lawn or garden.

Knock those Thistles Down!

Control those thistles....

- Traditional herbicide: 2,4 D Amine, an economical, selective, broadleaf herbicide that controls thistles and other broadleaf weeds without harming your grass
OR
- Organic solution: 20% vinegar and orange oil
