

Double L Feed Kerrville, Texas

October 2007

Volume 10

Need Pens?

Buy your corral panels at Double L Feed. You can build a 60' diameter round pen with a 10' or 4' bow gate for less than \$975. Don't see what you need? Ask – we'll do our best to get it for you!

Dry, Dry Grass . . .

The forage this year has been abundant, but the quality has peaked. All livestock should have free choice mineral and salt available. We carry a variety of mineral and salt options.

Feeding a Show Animal?

Not only do we carry the Acco brand of show feeds, but the Kent Leanium hog feeds are also available at Double L Feed, Kerrville. Check out our other show supplies while you're here – bats, whips, socks, blankets, brushes, drenches and more!

Springtime Dandelions?

It may just be turning to autumn, but it's the time to control those springtime dandelions. Apply any of the following pre-emergents to control those spring weeds.

- ✍ Pendulum 2G
- ✍ Amaze
- ✍ Corn gluten meal
- ✍ Fertilome Winterizer & Preemergent (for St Augustine & Bermuda)

Feeding the Wildlife?

Keep those deer full and happy with our full line of feed, feeders, batteries and motors. If we don't have what you want, ask. We'll do our best to get it!

Double L Feed – LOCALLY owned and operated! A feed store, and a whole lot more.

Thank you for your business!
